

# UAir

## Air Purification System

### Big Air Volume

Brushless DC centrifugal motors provide large air volumes.

### Effective Filter Cartridge

HEPA and active carbon filters in the air-purifying cartridge clean odors.

### Quietness

Working noise is effectively reduced by the interior sound insulation layers.

### Long Service Life

Up to 40,000 hours of service life can be expected from the machine.

### Fan-Speed Control

Steplessly adjustable air volume perfectly matches air purification needs.

### Remote Control System

7 timing modes can be remotely controlled to meet printing needs.

# Technical Specification

**Input voltage**

100–240V AC, 50/60Hz

**Power**

60W

**Wind Speed**

11m/s

**Airflow Volume**

235m<sup>3</sup>/h

**Filtration Accuracy**

0.3µm 99.5%  
( Laboratory data )

**Product Size / Weight**

290x250x340mm [W\*H\*D]  
11"\*10"\*13" 9KG/20LB

**Working Noise**

40–65dB
